

The Portable Paper

INDEX TO 1986 THRU 1989 ISSUES

The 24 bi-monthly issues of The Portable Paper for 1986 through 1989 totalled more than 1,000 pages. These pages included:

■ Over 1,200 valuable tips on getting the most out of ROM-based HP110 and Portable Plus software and LS/12 and Portable Vectra hardware and software, including tips on MemoMaker, Time Manager, 123, DOS, ThinkJet, HP9114, and more;

■ More than 120 reviews and descriptions of disk- and ROM-based products to increase the productivity of your HP 110, Portable Plus, Portable Vectra, and LS/12;

■ Advertisements on over 50 hardware and software products well-suited for your Hewlett Packard Portables.

Use this Index to locate these tips, reviews, and special topics quickly. Entries appear in the following format:

Subject Volume#: Issue# - Page#

[For example, a subject followed by 1:4-7 means that it is located in Vol. # 1, Issue # 4 (July/August of 1986), on page 7. Volume and Issue Number appear in the top left corner of each issue's cover.]
